Summary: The story of another spartan who sets out to rescue Master Chief

Halo 4: A New Beginning

Alright everybody, this is my first Halo fanfic, and probably my last. I know near nothing about Halo, other than the stuff I've learned from Red Vs Blue. Review! First review means first chapter (if the review is good).

Halo 4: A New Beginning

The war with the covenant is almost over, and they have a scant few strongholds left.

On a raid of one of these strongholds, Master Chief discovered another Spartan, being held captive.

He was called Spartan 13275, although he soon adopted the name of Red Sun.

The Chief trained him to never be fearful, always be strong.

Then along came one fateful night.

Master Chief had organized a raid on one of the Covenant bases.

He and a platoon of marines charged the base!

But to no availâ€¦

The Chief was surrounded with no ammo.

All his soldiers lay dead around him (he thought).

He dropped his weapons and was placed behind an energy shield.

Back at the Master Chief's camp, Red Sun lay there, thinking.

"Why hasn't Master Chief returned?"

Then a cry was heard!

A soldier lay nearly dead, face first on the ground.

Red Sun walked up, and spoke.

"Who are you, and where do you come from?"

I'm from Master Chief's strike forceâ€¦ I have bad news.

"What is it?" Said Red Sun, quickly.

Masterâ€¦ Chiefâ€¦ has beenâ€¦ captured.

Then the soldier keeled over, dead.

So this was it, Red Sun's destiny.

To rescue Master Chiefâ€¦

So that's the prologue. Cool huh! Wrote it in French class. Review, please!
